

MOTION BY MAYOR MICHAEL D. ANTONOVICH

SEPTEMBER 29, 2015

KAISER HEALTH PLAN

Recently, the media reported on delays in access to mental health services for Kaiser beneficiaries which are being investigated by the State Department of Managed Health Care. Many of the county's employees (45,478) have chosen the Kaiser Health Plan as their insurance and health care provider. It is critical that our employees and their families receive health and mental services in a comprehensive and timely manner. Delays in care could mean the difference between life and death.

I, THEREFORE, MOVE that the Board of Supervisors direct the Director of Human Resources to:

1. Conduct an anonymous survey of County employees who are members of the Kaiser Health Plan to determine if they are receiving timely access to mental health services; and
2. Report back to the Board on the findings.
